#### HICKS' ARMY CRUSHED,

AND FRANCO-CHINESE WAR BEGUN.

Exciting News From the Old World-Entire Annihuation of the Egypuan Army---China, Delivers Her Ultimatum to France.

LONDON, Nov. 22 -A dispatch to Reuter's Telegram Company, dated Cairo, at 8:25 this morning, says the army of Hicks Pasha has been destroyed by the forces of El Mahdi, the Fulse Prophet.

Intelligence of the disaster was brought to Khartoum by a Coptle official. The fighting is said to have continued from the 3d to the 5th inst. The engagement is said to have resulted in the complete annihilation of the Egyptinn troops. It is stated that a European artist was the ouly person who escaped.

Ei Mahdl's force comprised, it is estimnted, 300,000 men and jucluded Dervisches, Hedouins, Mulattoes and regulars. The battle was fought near El Obeid. El. Mahili first sent forward the Dervisches, declairing they would vauquish the enemy by divine aid. Subsequently the regulars joined the attack, and later the engagement became general.

The army of liicks Pasha, which early in the battle was divided into two bodies, was subsequently reunited and formed a square, which the forces of the False Prophet broke after three days desperate fighting. A conneil of Ministers has been held, and han it has been decided to concentrate at Khartoun' what Egyptian 'troops remain at Duem, Goba and other places in Soudan. The force under Hicks Insha comprised 25,000 men. He had with him ten British

O'Donovan, of the London Dally News, and an artist connected with a German illustrated paper, also accompanied the army. Evelyn Baring has advised the Egyptian Government to abandon Soudan and establish a strong frontier line from Khnrtoum, in the North Semman Province, to Souakim, on the Red Sea. It is reported that the recent orders for the evacua-tion of Egypt by the British troops have been countermunded.

LONDON, Nov. 22 .- Late last ulght the members of the Chinese Embassy completed their preparations to leave Paris. What was probably their last communication with the Government of France was the delivery of the ultimatum of China, that an attack upon Baculuh will be regarded as a declaration of war. All the Powers have received efficial notification of the delivery of the ultimatum, and it is considered probable here that the Embassy has private information that the French have nlready marched upon Bacululi, and that war may have actually commenced.

Western Corn Crop.

CHICAGO, Nov. 22-The Tribune publishes elaborate reports of the condition of the corn crop la lliineis, Indiana, Iowa, Kausas and Nebruska. Advices from the first of the three States say the crop is the poorest harvested in many years. Owing to frost and thaw following in quick succession, a large percentage of grain is soft and fit only for food for hogs and stock. Large quantities of this soft corn, undoubtedly ninety per cent., will go to waste on the approach of cold weather, hence the farmers will have much more of it than they can feed to their stock. The question seed for next year proves as there will be a large defletency in Nebraska. Grain is in excellent shape. In Kansas the crop# is the largest ever harvested and of extra good quality. It will not, however, likely be called upon for seed supplies, as there is general complaint in other States that the grain grown from Kansas seed suffered more than any other.

Inportant Experiment in Steel Manufacture,

PITTSBURG, Pa., Nov. 22.—A compara-lively new process in the manufacture of low earbon Bessemer steel has been commenced at the works of the littsburg Bessemer Steel Company, at Homestead which, if successful, will completely revolutionize the work of puddling, doing away with that process altogether. Heretofore but little Bessemer steel has been made below a certain per cent. of carbon, which renders it impracticable to use for many purposes for which wrought iron is employed, but, by the late experiments by the management of the Homestead works, steel is expected to be made as low in carbon as the 6-100 of one per cent., which the super-Intendent states will answer all purposes for which wrought iron is used.

#### THE LOST MANISTEE

Conflicting Reports as to the Safety ca l'assengers.

CRICAGO, Nov. 22.—Reports concerning the probable loss of the propelior Manistee are conflicting. A reporter at Duluth, Minn., telegraphs as follows: "The 'Manistee left "here Saturday, November 14, loaded with oats and bran,

for Ontonagon, with a fair list of passen-

gers, a crew of fifteen and three deck

hands. She laid over at Bayfield from Saturday until Thursday, where her passengers transferred to the City of Duluth. Captain McKay was from Rochester, N. Y., the purser, G. L. Seaton, the steward, Fi M. Kelly, the mate, Andy Mack, and the engineer, Pat Cullen, were all of Chicago."
The above dispatch, it will be seen, indicates that the passengers are all in safety on the Duluth. On the other hand a Milwaukee reporter telegraphs as follows: 'The local representative of Leopold and Austrian, of Chicago and Milwankee, sald Tuesday evening that he feared the Manistee had gone down with all on board in the terrific storm of Saturday last. The boat carried a crew of twenty-five, and twenty-five passengers. A number of the latter were from Milwaukee and Chicago. The list is at Bayfield, and is not yet obtainable. The boat was built in Cleveland, and afterwards rebuilt at Detroit. She

#### DEATH FROM PURE JOY.

BAD EFFECT OF WINNING HIS CASE.

A Rhode Island Man Actually Gets to the End of a Lawsuit, and Dies of Astonishment and Unexpected Happiness.

NEWPORT, R. I., Nov. 22.-George C. Munro, a prominent citizen, died suddenly this morning. Joy at recovering n verdict against the Aquidneck Bank about ten days ago doubtiess had much to do with his denth. The case has been in court ever since 1865, and deserves mere than a passing notice, From November, 1863, to November, 1865, Messrs. Munro did most of their business through the Aquidneck Bank, then a State bank. Their account with that institution during these two years amounted to \$446,400. August, 1, 1865, as is alleged by plaintiffs, George C. Munro, the senior member of the firm, deposited a \$2,000 check, drawn on the Lime Rock Bank of Providence, and signed by P. Meed, as Treasurer of a sugar refinery, with which the Munros had had dealings. Some time after, when their bank book was made up, the firm discovered that the cheek had not been eredited to them. On reporting the fact to the bank officials the latter claimed that there was no account on the books to indicate that such a check hnd been received. Subsequently Messrs. Munro obtained the canceled check from the bank on which it was drawn, and still failing to get satisfaction, brought suit against the Aquidneck Bank for the recovery of the amount of the check, and the case has been on the court dockets in various forms ever since. When the sult was begnn the Aquidneck Bank was a State institution. The case was continued from time to time for several years, and when it finally came to trial the institution having been changed from a State to a National bank, the defendants claimed that there was no such institution as the Aquidneck Bank, and theu plaintiffs were non-suited. Snit was then promptly brought against the Aquidneck National Bank, and there have been three trinls. In the first two trials the jury failed to agree, but in the last one a verdict was rendered for plaintiffs for the full amount of the claim with interests and costs, amounting to upwards of \$4,000, The bank based its defense on the claim that the check must have been cashed over the counter. At the time the trouble begnn the bank was suffering from the acts of a dishonest cashler. For some thirty years, up to 1865, the Messrs. J. C. and W. J. Manro were extensively engaged in the shippin business, they having offices here and at Wilmington, N. C. The lirm nise owned a number of coasting vessels, and were known in all leading shipping eircles throughout the country.

HOW A BRIG WAS SAVED Fish Oil Poured on the Waters to ... 'm

the Troubled Sea. NEWPORT, Nov. 22.—The brig Louisa Caipel, Captain Parker, of Yarmouth, N. S., has arrived here after encountering the most extraordinary hurricanes and pules the captain ever knew. He thinks the vessel and all on board would have been lost but for the fact that he had a large

cargo of ilsh oil. The waves swept continuously over the ressel and finally the deck load began to slip, when he gaves orders for a number of small holes to be bored in the casks containing the oil. While this was being done the men engaged were nearly swept overboard; but in a few inhutes the oil trickled on the deck through the scuppers and into the ocean and almost as soon as the oil reached the water the waves were less boisterons, and in less than a half hour there was an unmistakable diminution in the force and number of the waves tint broke ever the ship. In an hour they had almost entirely subsided. The chief mate says he has never before seen oil used but he is outhuslastic in the declaration that the fish oll saved the brig, cargo and crew.

Cansed By a Lamp Explasion.

FULTON, Mo., Nov. 22.-An accident occurred at the Synodical Female Coilege in the shape of a fire, while President Charles and most of the young ladies were at church. Some one had left a lighted lamp in the library and closed the doors. It is supposed the lamp exploded and threw coal oil over the books, which immediately took fire. When the blaze was discovered the library and about 30 books were almost consumed. Other furniture in the room was greatly damaged, but the fire was extinguished without giving an alarm.

#### THE STEAMBOAT WAR.

The Approaching Crisis—A Setlicment to be Had or War to the Knife.

Wheeling Intelligencer.

For the past three months numerous steamboat men between Pittsburg and Cincinnati, but more especially those in the lower short trades, have been putting forth every effort to arrange for some amicable agreement whereby the rates both freight and passenger, might be uniform on the river between Pittsburg and Cincinnati and intermediate points, and the steamers at the same time make enough money to live on. Everyone kn ws something personally or remembers about the big fight last summer, the cheap rates, etc. The Big. Sandy line objecting to the rates the St. Lawrence was giving between Pomeroy and Cincinnati, thally switched the Ohio off against the St. Lawrence, and they both went through to Pittsburg. There is but little doubt that the Ohio lost money in that venture. The St. Lawrence did a smashing business, and has ever since she went Into the Pittsburg trade making enough at this end to enable her to give very low rates below Pomeroy. At the same time that the Ohio went into the Pittsburg trade the Big Sandy Line had its three large handsome si le-wheelers prolong their trips to Parkersburg. During this fight Commodore Stockdale, of the Stockdale Line was a Big Sandy supposition ing continued, but dld not to any perceptible extent injure the St. Lawrence's big trade. The latest hiforination, however, is received from Cincinnati, and is to the effect that this trouble is to be less Cagt. List agrees to a compromise by to-morrow, the Big Sandy Line will place three of its big side-wheelers in the Pittsburg Irade against the St. Lawrence, probably running one of them on the same day and time of the St. Lawrence,

All steamboat owners, especially the short line men, in the lower river, are reported to be much excited over this, as it will seriously affect them. Espe cially is this the case in the Cinchinati trades, though they have had no hand in the tight heretofore. While the Big Sundy boats and the St. Lawrence are the most interested, the Stockdale Line is reported as not being adverse to taking Kentucky has furnished the following a shy at the Lists. Com. # AYER'S

restores, with the gloss and freshness of youth. faded or gray hair to a natural, rich brown color, or deep black, as may be desired. Hy its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, eured.

It checks falling of the hair, and stimulates a weak and sickly growth to viger. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the Vigor is unequalled; it centains neither oil nor dye, renders the hair seft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

hir. C. P. Brichea writes from Kirby, O., July 3, 1882: "Last fall my hair commenced failing out, and in a short time I became nearly baid. I used part of a bottle of AYER'S HAIR VIOOR, which stopped the failing of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely baid."

J. W. Bowen, proprietor of the McArthur (Ohio) Enquirer, says: "Aven's HARR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new buir, and makes it glossy and soft. The Vigoa is also a sure cure for dandruff. Not within my knowledge has the preparation ever falled to give entire satisfaction."

MR. ANOUS FAIRBAIRE, leader of the celebrated "Fairbairn Family" of Scottish Vocalists, writes from Boston, Mass., Feb. 6, 1880: "Ever since my hair began to give silvery evidence of the change which flucting time procureth, I have used AYEN'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRA. O. A. PHESCUTT, writing from 18 Elm St., Churlestown, Mass., April 14, 1882, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidity, and I was fast growing baid. On using AYER'S HARE VIOOA the failing atopped and a new growth commenced, and in about a month my head was completely opvered with short hair. It has continued to grow, and is now as good as before it felt. I regularly used but one bottle of the Vioou, but now use it occasionally as a dressing." ally as a dressing.

We have hundreds of similar testimenials to the efficacy of AYER's HAIR VIGOR. It needs but a trial to convince the most skeptical of its value.

The Peculiar Old Mystery!

It was one of the peculiarities of the old-fashioned Doctors that they never would tell patients what they were prescribing for them. They said it would do the patients no good to know, and that it would only be gratifying a foolish curiosity. In order to keep patients from knowing, they would write the prescriptions in dog-Latin, so that most patients could not read them. All that sort of thing is now over. The patient wants to know what he takes. He is weak, and wants to be strong, or he is dyspeptic, and wants to digest well. Or he has a troublesome liver which he wants to put to rights. So he takes Brown's Iron Bitters about which there is no mystery at all. This is the best preparation of iron in the world, in combination with gentle yet efficient tonics. It gives strength. It builds up enfeebled systems. It enriches impoverished blood. It removes feminine weakuesses. It casts out debility—It is what you want, and your, druggist has it. 2
